

LOCANI INSTRUMENTS & ELECTRICAL

We guarantee the quality of our work and supplies. We are committed to satisfying our clients needs by striving for excellence in everything we do. This is maintained by promoting and creating a positive energy and attitude in our working environment thus ensuring productivity and stability of staff leading to a need to excel.

Managing Director: Mathew Pillay

INTRODUCTION TO LOCANI

- Locani Instruments and Electrical was started in 2008 by Mathew Pillay. Its primarily a family owned business and our offices are located at Shop 6, 37 Barns Rd, Sydenham (P.O. Box 1302, Wandsbeck, Westville, 3631)
- We are a well known and respected company due to our policy of providing quality, excellence and commitment to whatever project we may undertake. Locani Instruments handles maintenance, repair's, supply of labour, refurbishments in addition to small to medium sized projects.
- Some of the services we offer are instrument and electrical, installation, commissioning, maintenance and our latest undertaking is sales of parts and equipment specific to our field.

BUSINESS CREDENTIALS
